Stem Cell Research discussed by Dr. Rupp

(L-R) Alan Willer, Senior Vice President Institute for Science and Health; Hermé deWyman Miro, Chairman of the Board; Gerald Rupp, Ph.D., Vice President for Research, Institute for Science and Health; Etonella Christlieb, President

Regina Sherman, Rita Sherman, Marianne Castle, June Racine

The opening of the season luncheon was held Monday, November 5, 2007 at The Colony Palm Beach with Guest Speaker, Dr. Gerald Rupp, of the Institute for Science and Health, who spoke on the latest in stem cell research.

Chairman of the Board, Hermé deWyman Miro and President, Etonella Christlieb presided over the event. George Elmore, recognized for being a member for over 20 years, was the event Chairman Sponsor.

The show choir from William T. Dwyer High School performed a musical interlude led by choral director, Pam Varnadore. William T. Dwyer High School was presented with a scholarship from the Palm Beach Round Table. Approximately 150 patron members and guests were in attendance.
